Secondary Transition Planning

Compliance + Evidence-based Practices = Improved Outcomes
Session Objectives

1. Increase knowledge and understanding of the required components of secondary transition plans

2. Learn a transition planning process to help students attain their postsecondary goals and become as independent as possible

3. Develop quality transition plan components for postsecondary goals and SMART annual IEP transition goals
Purpose

To support school districts/LEAs in their efforts to develop and implement secondary transition plans that are both 100% compliant with state and federal regulations and help provide successful transition for students into adulthood.

To help participants become excited about the potential of well written transition plans that help launch students into postsecondary education and/or careers.
Federal Law

“Beginning not later than the first IEP to be in effect when the child turns 16, or younger if determined appropriate by the IEP team, and **updated annually**, thereafter, the IEP must include—

(1) **Appropriate measureable postsecondary goals** based upon **age appropriate transition assessments** related to training, education, employment, and, where appropriate, independent living skills; and

(2) The **transition services** (including **courses of study**) needed to assist the child in reaching those goals.”

IDEA Authority: 20 U.S.C. 1414(d)(1)(A) and (d)(6)
Illinois Law

c) Beginning **not later than** the first IEP to be in effect when the child turns **14½**, and updated annually thereafter, the IEP shall include:

1) **appropriate, measurable, postsecondary goals** based upon **age-appropriate** assessments related to employment, education or training, and independent living;

2) **the transition services** that are needed to assist the child in reaching those goals, including **courses of study** and any other needed services to be provided by entities other than the school district; and

3) any additional requirements set forth in Section 14-8.03 of the School Code [105 ILCS 5/14-8.03].

*These evidence-based activities are highly correlated with positive outcomes for students after graduation.*
Secondary Transition Planning

Employment

Education and/or Training

Independent Living
Middle School vs High School Transition Plans

**Middle School**
- Focus more on assessment and experiences
- Help students explore and narrow down post-school goals
- Post-school goals relate to general employment category or career cluster
- Less detailed and focused more on school based supports and services

**High School**
- Focus on services related to specific employment and post-school living path
- Post-school goals relate to a specific career
- More detailed and focus includes outside agency supports and services
- School based supports and services
Student Scenario

• Please take 3-4 minutes to read/review the student scenario provided

• You will use this scenario when completing the activities today.
Secondary Transition Planning Process

1. Age-appropriate Transition Assessments
2. Measurable Postsecondary Outcome Goals
3. Measurable Annual IEP Goals
4. Transition Services/Activities and Course of Study
5. Linkages to Adult Agencies
Secondary Transition Planning Process

Age-appropriate Transition Assessments

- Strengths
- Needs
- Preferences
- Interests

Measurable Postsecondary Outcome Goals

Measurable Annual IEP Goals

Transition Services/Activities and Course of Study

Linkages to Adult Agencies
Compliance

Transition assessments must:

- Be conducted PRIOR to the IEP meeting
- Be age appropriate
- Reveal students’ strengths, needs, preferences & interests
Evidence-based Practice

- Conduct a comprehensive transition assessment

- Gather information about interests, perceptions, and performance of skills related to the four broad areas:

  (a) academic achievement
  (b) self-determination
  (c) vocational interest and exploration
  (d) adaptive behavior and independent living
## Transition Assessments

</tr>
</tbody>
</table>

- 2-yr./4 yr. college, technical, vocational/career
- On-the job-training, Apprenticeship
- Independent living skill training
- Health/safety, financial/income
- Transportation mobility, social relationships
- Self-advocacy, future planning
Postsecondary Outcome Goal Formula

After HS graduation, Carlos will work as a repair technician at a local appliance store.

Formula provided by The National Technical Assistance Center on Transition (NTACT)
Postsecondary Outcome Goals
Non-examples and Examples

a) After high school graduation, Jack is thinking about part-time work in the music industry as a DJ.

c) Upon high school graduation, Jill hopes to live with her parents and plans to pay her bills on time.
Progression of Postsecondary Outcomes

As a student advances through the grades, postsecondary outcome goals become more specific. (Employment)

<table>
<thead>
<tr>
<th>Grade</th>
<th>Postsecondary Goals</th>
</tr>
</thead>
<tbody>
<tr>
<td>8th or 9th</td>
<td>- After graduating high school, <em>West</em> will work as an automotive or diesel mechanic.</td>
</tr>
<tr>
<td>10th Grade</td>
<td>- After high school, <em>West</em> will work as an automotive mechanic and receive on-the-job training in his hometown.</td>
</tr>
<tr>
<td>11th Grade</td>
<td>- After high school, <em>West</em> will work as a diesel mechanic in a business in his home town after he receives training and certification from a technical school.</td>
</tr>
<tr>
<td>12th Grade</td>
<td>- After high school, <em>West</em> will work in his uncle’s or other diesel/automotive shop in his hometown and later manage his own repair shop.</td>
</tr>
</tbody>
</table>
Progression of Postsecondary Outcomes

As a student advances through the grades, postsecondary outcome goals become more specific. (Education/Training)

<table>
<thead>
<tr>
<th>Grade</th>
<th>Outcome</th>
</tr>
</thead>
<tbody>
<tr>
<td>8th or 9th Grade</td>
<td>After graduating high school, <em>West</em> will attend an automotive training program.</td>
</tr>
<tr>
<td>10th Grade</td>
<td>After high school, <em>West</em> will receive a certificate from an automotive mechanic training program.</td>
</tr>
<tr>
<td>11th Grade</td>
<td>After high school, <em>West</em> will attend and receive certification in diesel/automotive mechanics from an automotive/diesel technical school.</td>
</tr>
<tr>
<td>12th Grade</td>
<td>After high school, <em>West</em> will receive advanced certification in diesel/automotive mechanics from Quality Tech School to be a mechanic and later manage his own repair shop.</td>
</tr>
</tbody>
</table>
Writing the Postsecondary Goals

- Base on age-appropriate transition assessments
- Indicate what is to be accomplished after high school
- State what the student will do
- Describe an outcome that will occur not how the student will get there.
Postsecondary Goals

Part 2 – Developing Postsecondary Outcomes

(See the handout provided)
Secondary Transition Planning Process

1. Age-appropriate Transition Assessments
2. Measurable Postsecondary Outcome Goals
3. Measurable Annual IEP Goals
4. Transition Services/Activities and Course of Study
5. Linkages to Adult Agencies
Points to Remember

**Postsecondary Outcome Goals**

1. Located within the transition plan
2. Written to occur **after** high school
3. No objectives or benchmarks

**IEP Annual Goals**

1. Located in the body of the IEP on the annual goal pages
2. Written to occur while **in** school.
3. Must have at least 1 or more objectives or benchmarks for each goal
Annual Goals

A Helpful Formula from NTACT

Given _______ ________ WILL _______ _______ _______ _______.

condition    student                  behavior   criteria       time frame

Given _______ ________ WILL _______ _______ _______ _______.

Specific
Measurable
Attainable
Relevant
Time Based
Annual Goal – Non-transition

After given direct instruction in comprehension strategies and provided a nonfiction content area text at the 6th - 7th grade reading levels, West will answer verbally and in writing a minimum of 10 inferential questions with 80% accuracy as measured by weekly quizzes and charting results, by June 2020.
Annual Transition Goals

Annual goal = what the student can achieve in 12 months!

Measurable Formula:
Given *(condition)*, *(student)* will *(behavior)* *(criteria)* *(time frame)*

Example:
Annual IEP Goals

Part 3 – Developing Annual Transition Goals

(See the handout provided)
Annual Transition Goals - Examples

Example 4:

Example 5:
Secondary Transition Planning Process

1. Age-appropriate Transition Assessments
2. Measurable Postsecondary Outcome Goals
3. Measurable Annual IEP Goals
4. Transition Services
   - Instruction
   - Employment & Adult Living
   - Daily Living/Functional Vocational Eval.
   - Related Services
   - Community Experiences
   - Linkages
5. Linkages to Adult Agencies
Transition Services: Instruction

Coursework, educational experiences, skill training and activities/strategies needed to prepare students for post-school living

- Study skills instruction, SAT prep courses
- Arrange & meet with office of disability services at chosen college
- Instruction on appropriate use of the computer and internet
- Written communication skills instruction
- Instruction on strategies to improve reading comprehension
- Community-based instruction
- Social skills instruction
- Time management instruction
- Instruction and practice in self-advocacy
- Instruction on using a calculator to solve math problems
Transition Services: Related Services

Supports needed to participate in instruction and include planning for projected needs after high school

- Assistive technology evaluation
- Work with school health nurse on medication management
- Participate in orientation and mobility services
- Explore options for modifying a vehicle
- Obtain a permit/drivers license or driving capability assessment
- Participate in vocational rehabilitation counseling
- Receive physical and occupational therapy services
- Identify and visit potential post-school providers of related services
- Explore city & county transportation options
Transition Services: Community Experiences

Services and activities related to community experiences usually provided outside of the school environment

- Use local community library and postal office
- Learn about and participate in volunteer opportunities (hospital, animal shelter or clinic, park district, Habitat for Humanity)
- Register to vote and participate in the voting process
- Learn about banking and visit the local bank
- Investigate and participate in a community civic organizations
- Practice grocery shopping with support
- Utilize public transportation
- Explore and participate in leisure time activities
- Tour apartments for rent and learn process
Transition Services - Employment

Development of work-related behaviors, job seeking and retention skills, career exploration and actual employment and other adult living objectives

- Participate in community-based employment
- Internship program, job shadowing
- Use social skills and work-related behaviors
- Interview workers in interested field of employment
- Research specific occupations
- Complete job applications/practice interview skills
- Meet with DRS counselor to determine eligibility
- Develop resume and cover letter writing skills
- Attend career fairs in the community
- Meet with armed forces recruiter
Transition Services – Daily Living Skills and/or Functional Vocational Evaluation

- Participate in a variety of community-based work assessments (functional evaluation)
- Practice and maintain daily personal hygiene
- Use safety skills in the school, community, and home
- Plan and select appropriate clothing for the weather
- Develop a budget and maintain banking records
- Use resources such as transportation, stores, library
- Attend annual doctor/dental appointments
- Learn meal preparation, household maintenance
- Learn and practice laundry skills
- Schedule and participate in Adult Living Classes if available
Transition Services: Linkages to After Graduation Supports

- Make an appointment to meet with the college representative for disability support services and complete application for services
- Contact DHS for eligibility services information
- Contact the Center for Independent Living (CIL) to establish eligibility and develop an independent living plan
- Contact the Office of Developmental Disabilities for eligibility and services information
- Contact the Social Security Administration for eligibility information and apply for SSI, if eligible
- Develop a list of contact information for post-school service providers
- Obtain, complete and submit application for behavioral health services
Example Course of Study

Secondary Transition Planning Process

1. Age-appropriate Transition Assessments
2. Measurable Postsecondary Outcome Goals
3. Measurable Annual IEP Goals
4. Transition Services/Activities and Course of Study
5. Linkages to Adult Agencies
Linkages to Adult Agencies

If there are transition services listed in the IEP that are likely to be provided or paid for by an outside agency:

➢ The district is to identify then invite an outside agency.

➢ Written consent must be obtained from parent/guardian and/or student who has reached the age of majority before inviting the agency.

➢ Each agency must be invited and included on the Notification of Conference form.

➢ An excusal form is not required for outside agency representative nonattendance.
Linkages to Adult Agencies

Examples of Outside Agencies that can be invited to the IEP meeting:

- DHS/DRS representative
- US Military
- Social Security Administration representative
- Employer
- Postsecondary education and training provider
- Independent Case Coordination Unit (PAS agency)
- Adult service agency
- Community Integrated Living (Arrangements) (CIL)
- WorkNet Center representative
- Community leaders - religious leaders and county extension agents
